

| <b>Date</b>  | <b>Hours</b> | <b>Description of Work Done</b>  |
|--------------|--------------|--|
| Sep 26, 2025 | 3.0          | Company Research - Conducted research about the company's website and services before meeting the employer.          |
| Sep 27, 2025 | 2.0          | App Implementation Research - Explored booking app's main features and consulted experienced individuals for advice. |
| Sep 28, 2025 | 1.5          | Reviewed project objectives and company website – notes on UX opportunities added to repo.                           |
| Sep 30, 2025 | 2.0          | Researched competitors and inspirations – compiled background section draft.   |
| Sep 30, 2025 | 2.0          | PACT framework prototyping - sketched a rough PACT framework prototype aligned with company's expectations.          |
| Oct 2, 2025  | 1.5          | Outlined PACT framework and value proposition – updated document in repo.  |
| Oct 3, 2025  | 1.5          | Technology setup – Learned company's productivity technology for integration   |
| Oct 3, 2025  | 1.5          | Drafted introduction, features list, and AI section – refined for novelty focus.                                     |
| Oct 4, 2025  | 1            | Finalized contract, work logs, and references – checked into repo under docs folder.                                 |
| Oct 4, 2025  | 3.0          | Finalizing and starting – formatted and finalized proposal, ensured objective alignment with company expectations.   |

|              |     |   |
|--------------|-----|---|
| Oct 10, 2025 | 3.0 | Collaborated on sketching the initial user flow diagram for CanadaOnlineTutoring in Figma, focusing on onboarding and booking flows. Updated repository with diagram draft  |
| Oct 17, 2025 | 3.0 | Conducted competitive analysis for tutoring apps, documenting findings in Google Docs. Refined user flow diagram based on team feedback.  |
| Oct 24, 2025 | 3.0 | Finalized user flow diagram in Figma, adding details for progress tracking and notifications. Updated competitive research document with additional insights on accessibility features  |
| Oct 31, 2025 | 2.0 | Met with the project manager to present and discuss the user flow diagram. Received approval and feedback regarding the app direction. Discussed the previous collaboration with Amelia and clarified next project steps. Agreed to move forward with creating the prototype.   |
| Nov 2, 2025  | 2.0 | Collaborated in Figma to begin developing the main prototype. Created the login screen and several initial onboarding pages. Discussed and refined the app's color scheme, layout structure, and visual hierarchy. Planned how the design elements could be implemented in the final interactive prototype.   |
| Nov 6, 2025  | 3.0 | Collaborated and made the Figma UI/UX mock application. Completed login, register, and chatbot functions. - Booking sessions: 50%. - Tutor profile: 50%. Progress screenshot saved in Screenshots folder (GitHub repo CanadaOnlineTutoring--Figma-11-06-2025_11_59_AM).   |
| Nov 7, 2025  | 2.0 | Today we built the PaymentScreen with 5 pages and made them clickable. Added 5 payment methods, 2 statistic screens, and 1 personal info screen. Fixed the navigation bar, added a promotion page, and made everything interactive. Progress screenshot saved in Screenshots folder (GitHub repo F25_3375_S4_G3_CanadaOnlineTutoring---Figma-11-09-2025_08_46_PM) |
| Nov 9, 2025  | 2.0 | Added promotion sheet. Added Payment Scheme 02 with different subscription levels and types with cards. Added profile address. Also added a second app color palette, which is linked.  |
| Nov 11, 2025 | 1.5 | Final changes: linked screens in the prototype, color correction, prepared questionnaire and log.   |

|              |     |  |
|--------------|-----|--|
| Nov 14, 2025 | 2.0 | Had a meeting with Edward, the project director and founder. We discussed the latest updates, clarifications, and details. Decided to tweak some screen settings, update layouts and a few fonts. Got feedback on design and prototype logic, and noted key issues that need fixing.   |
| Nov 16, 2025 | 2.0 | In this meeting, we finalized the decisions from earlier. Based on the feedback, we added events, made the elements clickable, and linked them to event-booking pages. We also added the All Events, Dashboard, All News, and Event Books tabs.  |
| Nov 20, 2025 | 3.0 | We continued to work with events, added scheduling, event booking, and reservation for the Zoom meeting. We also worked with the Google Cloud Platform, the Google Simulator Screen, and the Google Cloud Spatial File. We also worked with the Google Cloud Platform, the Google Cloud Simulator Screen, and the Google Cloud Spatial File. |
| Nov 21, 2025 | 1.5 | Had another meeting with Edward, where he shared his final requests and additions for the project. We need to fix some text on the screens, adjust certain colors, and update a few icons based on his feedback.   |
| Nov 23, 2025 | 3.0 | We worked on the payment screens, added payment card visuals for the new pages, and created a confirmation screen flow. Added four confirmation-related screens total to make sure users clearly understand when a payment is completed. We also updated the control diagram to make it clearer and more accessible for developers.          |
| Nov 24, 2025 | 1.5 | We improved the user profile based on the results of the second user study. We started fixing mistakes, correcting errors, and enhancing the overall user experience according to the feedback from the survey.  |
| Nov 27, 2025 | 1.0 | Final meeting with Edward. We talked about wrapping up the project and discussed how we'll hand over the deliverables, optimizations, and all other final formal details.  |
